

IMPORTANT INFORMATION REGARDING YOUR INSURANCE COVERAGE

&

FINANCIAL RESPONSIBILITY

We would like to provide you with important information regarding your insurance coverage and your financial responsibility for services received at Doria Therapeutic Group, PLLC.

As a courtesy, our team verifies your insurance benefits based on the most current information available from your insurance provider. Please note, however, that this verification does not guarantee coverage or payment. The final determination regarding your benefits and reimbursement is made solely by your insurance company once a claim has been processed.

Whether your insurance plan is considered in-network or out-of-network, you are ultimately responsible for any charges associated with your care. This may include, but is not limited to, balances resulting from denied claims, deductibles, co-payments, co-insurance, or services not covered under your specific plan.

To help minimize any unforeseen expenses, we strongly encourage you to contact your insurance provider directly to confirm your benefits, coverage limitations, and any potential out-of-pocket costs.

If you have any questions or require assistance, please do not hesitate to contact our office at **office@doriatherapeuticgroup.com**. Our team is here to support you and to help ensure a smooth and transparent billing experience.

Thank you for your understanding, and for entrusting us with your care.

Warm regards,

Doria Therapeutic Group, PLLC
